## **VI. The Company's shares, share register**

1. The share capital of the company consists of 2.640.000 number of shares dematerialised ordinary shares having a face value of 10 HUF and introduced into the regulated market.

The Company may issue employee shares for its full or part time employed employees for free or at a discounted price. The Company may decide on issuing employee shares ensuring preferential dividend rights – after the class of shares granting preferential dividend rights - of the after tax profit compared to shares belonging to other type of shares, or class of shares.

The offering of employee shares (increasing the share capital such way) may happen pursuant to the terms of the articles of association and to the share program (“Program”) adopted by the respective resolution of the Shareholders' Meeting either based on the Shareholders' Meeting resolution (pursuant to the conditions set out therein) or based on the resolution of the Board of Directors (pursuant to the conditions set out therein) passed on behalf of authorization of the Shareholder's Meeting. The nominal value of the employee shares and the voting rights attached thereto shall be the same as the nominal value and voting rights of the ordinary shares introduced to the regulated market.

If in present Articles of Association reference is not explicitly made to employee shares but to “shares”, then also employee shares shall be understood under the reference, except if the law provides otherwise or the context provides otherwise.

2. With respect to the transfer of dematerialised shares, the Companies Act, the Capital Markets Act, as well as the provisions of the statutory regulations on securities account keeping and other statutory instruments shall apply. The transfer of shares shall be effective in respect of the Company, and the

shareholder may exercise its shareholder's rights vis-a-vis the Company, only if such shareholder has been entered in the share register.

3. The Company's Board of Directors – or its agent appointed in accordance with the statutory regulations on securities – shall keep a share register on the shareholders, including the holder of interim shares. If the Board of Directors appoints another person to keep the share register, the fact of such appointment and the identity of the person thus appointed shall be disclosed in the Companies Gazette and on the Company's website. The keeper of the share register shall keep records on the name (company) of the shareholders and their proxies, and in the case of jointly owned shares, the name (company) and domicile (registered office) of the common representative, by each securities series, the number of their interim shares (the extent of their ownership share), and other data defined in the law and in the Company's articles of association.

4. The securities account keeper is required to report the data to be recorded in the share register within two working days following the crediting of the shares on the securities account. The securities account keeper shall not report the data if the shareholder has thus instructed.

5. The shareholders' meeting may authorise the Board of Directors to purchase treasury shares. This authorisation may be provided for one occasion only, or for a term not exceeding eighteen months. Together with the authorisation, the type (class), number, and par value of the shares that may be acquired shall be specified, and in the case of acquisition in return for payment of a consideration, the lowest and highest amount of such consideration shall be defined as well. No pre-authorization shall be required from the shareholders' meeting if the shares are necessarily to be acquired in order to avert any grave and imminent danger to the Company, or in other cases defined by the law.

6. The program will become effective at the first working day following the registration of the amendment of the articles of association related to the Program by the Court of Registration and will be in effect for five years as of the ten days turnover weighed stock (Budapest Stock Exchange) average price of the ordinary shares issued by the Company excluding the so called "all" and "fix" contracts reaches the below set out Target Price, thus employee shares may be offered (employee shares created) according to the Program there until, except if the Program terminates earlier as set out below:

The term of the Program terminates before expiring of the five years term, when the company (i) has acquired all employee shares; or (ii) the company has withdrawn all of its employee shares with regards to decreasing its share capital; or (iii) the articles of association has been amended in a manner that all employee shares – incorporating not less favorable entitlements in respect of the voting right and the right to dividend – has been transformed into shares belonging to a different share type. The termination of the Program does not affect the validity, effect and enforceability of the contracts concluded under the term thereof, or concluded in connection with the execution thereof or based thereon.

Where a public limited company by shares has issued shares of different types or classes, the explicit consent - as prescribed in the articles of association - of the holders of the types or classes of shares which are directly affected by the capital decrease, or the holders of shares which are deemed affected by the articles of association is required for the decrease of the share capital as a pre-condition for the shareholders' meeting resolution adopted for the decrease of share capital to take effect. In the course thereof, the provisions on the restriction or exclusion of the voting rights attached to such shares may

not be applied, save where voting rights are restricted under Section 227 of the Company Act. Holders of employee shares are deemed to be directly affected by a share capital decrease through the withdrawal of employee shares, thus their consent is required as a pre-condition for the shareholders' meeting resolution adopted for the decrease of share capital to be valid and take effect.

The eventual consent may be given such way that following adding the respective item to the agenda the Company shall notify in writing (by post) the owners of the employee shares being registered in the share register of the agenda and the resolution proposals known to the Company and ask them whether the owners of the employee shares registered in the share register may grant their consent thereto. The owners of the employee shares registered in the share register have further five days, following the receipt of the Company's notification, to inform the Company in writing or by fax – which shall be delivered to and received by the Company within five day deadline to be valid - on eventually granting their consent (if granted it shall be considered to be granted in respect of all employee shares of the given employee shareholder). If the consent of the owner of the employee shares was not delivered to and received by the Company within the deadline it shall be considered as refused by the employee shareholder in respect of all of his/her employee shares. The consent shall be considered as granted and the shareholders' meeting resolution adopted and valid if at least 90% of all owners of the employee shares granted their consent within the deadline.

7. At the first place those employee may acquire the employee shares through the offering process (for which generally the rules of private offering of shares shall apply) whose work and contribution to the operation of the Company substantially contributes to the efficiency of the Company. Thus in case the Board of Directors decides on the offering of employee shares, the Board and if the shareholders' meeting was to decide thereon, the shareholders' meeting shall be entitled to differentiate between the employees in respect of who shall be entitled to acquire and which amount of employee shares during the offering process.

Those part or full time employee of the Company shall be entitled to participate in respect of the given offering and receive the employee shares and issue the preliminary declaration on undertaking the obligation to provide the eventual offset at the first day of the specified period, which were authorized by the Board of Directors of the Company taking into account the above set out.

A target price (hereinafter referred to as: “**Target Price**”) shall be determined in respect of the price of the ordinary shares issued by the Company in connection with the employee share program. The Target Price shall be HUF 366 until 31 December 2013. The Target Price shall be

$366 * (1 + 0,1) \frac{\text{napok száma}}{365}$  → \*where “napok száma” means the number of days between the given day and 31 December 2013

as of 1 January 2014.

Under the term of the Program if not expressly prohibited by the law (e.g. lack of assets above the registered capital) the Company's Board of Directors (if the appropriate authorization was granted by the shareholders' meeting for the share capital increase) or the shareholders' meeting (if the Board of Directors was not authorized for the share capital increase or it failed to implement it) shall be obliged to implement the employee share program (implementation of the adequate share capital increase, creation of employee share etc.) such way that the respective resolution shall become effective and

implementable on the day and with the day the ten days turnover weighed stock (Budapest Stock Exchange) average price of the ordinary shares issued by the Company excluding the so called "all" and "fix" contracts reaches the Target Price if following (conjunctive) conditions are met together (i) there until the company and its creditors have concluded final and non-appealable settlement agreement in the bankruptcy process of the company ("Settlement Agreement") being in progress at the time of accepting the Program (ii) the shares to be issued in line with the obligations undertaken by the company in the Settlement Agreement were introduced to the Budapest Stock Exchange. If the conditions precedent set out in previous sentence were met the Company's Board of Directors is obliged to immediately state their fulfillment in a resolution and undertake the actions in favor of the implementation of the share capital increase.

Employee shares shall be transferable to the Company's employees, and to those who were formerly employed by the Company at any time (ex-employee) and shall be free to trade therewith among such persons. The employee shares shall be transferred to the Company by the successor of the employee in case of the death of the employee or by the ex-employee after the termination of employment contract within 15 years from the termination of the employment (this right and deadline shall also be applicable if the employee shares were acquired by the ex-employee following the termination of its employment).

If the ten days turnover weighed stock (Budapest Stock Exchange) average price of the ordinary shares issued by the company excluding the so called "all" and "fix" contracts reached or exceeds the Target Price the employee, ex-employees are entitled to exchange their employee shares with the company to ordinary shares issued by the Company in a 1/1 proportion (this means that one employee share shall be exchanged against one ordinary share with the same nominal value) following this date or if the crediting of employee shares to the entitled persons will be effected thereafter than following the crediting within 180 days.

The Company is entitled to conclude or amend existing agreements, e.g.: employment contracts with its employees and ex-employees about the participation (even future or conditional) in the Program, thus inter alia about the amount and receipt of the receivable employee shares during the private issuance and about realization and execution of the proper exchange-transaction in connection with the acquired employee shares according to the conditions of the Program, about depositing the employee shares and the contingent suspension of voting rights.

4.5. The Company shall assume no liability for any consequences of negligence on the part of the securities account keepers.

4.6. The closing of the share register prior to the shareholders' meeting shall not restrict the right of the person recorded in the share register with respect to the transfer of his shares after the closing of the share register.
