Regulated heat tariffs from 1 October 2022

PannErgy Nyrt. hereby informs capital market participants that the regulated district heat production tariffs (heat supply tariffs) to be applied from 1 October 2022 — also applicable to its subsidiaries subject to PannErgy's district heating price regulation — were announced in Decree No. 20/2022 (IX. 30.) TIM of the Minister for Innovation and Technology, published in Volume 159 of 2022 of the Hungarian Official Journal (Magyar Közlöny) as follows:

	effective until 30 September 2022	effective as of 1 October 2022
Szentlőrinci Geotermia Kft.	HUF 3,791/GJ	HUF 4,620/GJ
Miskolci Geotermia Kft.	HUF 2,650/GJ	HUF 3,176/GJ
Kuala Kft.	HUF 2,650/GJ	HUF 3,176/GJ
Arrabona Koncessziós Kft.	HUF 3,397/GJ	HUF 4,023/GJ

The Company would like to draw public attention to the fact that, unlike previous practice, the above heat supply tariffs are not announced for a full year, but only for a quarter (last quarter of 2022), therefore, their subsequent revision is expected.

Taking the new regulated heat tariffs into account, the Company maintains fulfilment of its EBITDA plan unchanged for the current 2022 financial year, as presented in its most recent annual and semi-annual reports.
